1. LOCATION OF EMERGENCY ITEMS

- Daily list of children attending the program: _____
- Children's emergency contact information: _____
- Emergency supplies: _____
- Location of building water shut off: _____
- Location of building electrical/gas shut off: _____

2. EVACUATION PLAN

An evacuation plan is developed to assist staff in evacuating in an efficient manner and should include:

- Roles and responsibilities of staff members in evacuating children and keeping them safe
- Location of exit doors
- Directions for exiting the building
- Items staff should take with them when evacuating (emergency phone numbers; list of children present; etc.)
- Location where staff and children are to meet once outside

The program evacuation plan includes the following: _____

3. ACCOMMODATIONS OF VULNERABLE PERSONS

A program is responsible for many persons who may not be able to evacuate on their own. Pre-planning for more vulnerable persons helps ensure everyone is evacuated safely. Special consideration should be pre-planned for:

Children or staff with a disability: _____

Children or staff with a chronic medical condition: _____

4. ALTERNATIVE LOCATIONS

A major piece of an emergency plan is having a safe place to take the children should the building become unsafe. Choose two alternative locations; one location should be within the community that children and staff can walk to. The other should be outside the community should that immediate area be unsafe.

1. Evacuation Site – Near (within walking distance of the program):

- Name of facility _____
- Address or location of facility _____
- Contact person(s) _____
- Site phone number _____ Cell phone number _____
- Have you reviewed the licensing checklist to ensure the facility is safe for children? _____

2. Evacuation Site – Far (outside the program community)

- Name of facility _____
- Address or location of facility _____
- Contact person(s) _____
- Phone number _____ Cell phone number _____
- Has facility been reviewed using licensing checklist to ensure it's safe for children? _____

5. SHELTER-IN-PLACE

At times when children and staff are unable to leave the facility, such as a tornado, the program needs a plan to shelter-in-place. The space used for sheltering-in-place should have access to a restroom; limited access to the outside; locks on all windows and doors; protection over windows; and access to emergency supplies.

- The shelter-in-place room is located: _____
 - Emergency supplies are located: _____
 - The process for sheltering-in-place is: _____
-
-
-

6. EMERGENCY SUPPLIES

Programs will need to be prepared to accommodate several children in a small space that is often away from the items used to meet the needs of children in care on a daily basis. The emergency supplies are kept in the following location _____, and include, but may not be limited to, the following suggested items (as applicable):

- | | | | |
|--|--|---|--|
| <input type="checkbox"/> toilet paper | <input type="checkbox"/> bottled water | <input type="checkbox"/> weather radio with batteries | <input type="checkbox"/> parent contact information |
| <input type="checkbox"/> disposable cups | <input type="checkbox"/> paper towels | <input type="checkbox"/> relocation site agreements | <input type="checkbox"/> hand sanitizers |
| <input type="checkbox"/> plastic bags | <input type="checkbox"/> first aid kit | <input type="checkbox"/> non-perishable food items | <input type="checkbox"/> flashlight and batteries |
| | | <input type="checkbox"/> extra children’s clothing | <input type="checkbox"/> medical releases for children |

7. LOCK-DOWN PROCEDURES

In the event of a situation that may result in harm to persons inside the program, including but not limited to a shooting, hostage incident, intruder, trespassing, disturbance, or any situation deemed harmful at the discretion of the director or public safety personnel, the center is to have plans for a lock-down. A lockdown drill means a drill in which the occupants of a building are restricted to the interior of the building and the building doors and windows are secured to ensure no one enters or leaves the facility until it is safe to do so.

The program procedures for lock-down include: _____

8. COMMUNICATION PLAN

During an emergency, accommodating the needs of the children in care is the priority for staff. Communicating the emergency plan to parents, staff, and local emergency managers prior to an emergency; and pre-planning how to notify parents when an emergency arrives, allows staff to concentrate on the children during an emergency.

- Parents will be notified by (phone tree, social media, an auto text or email, etc.): _____
 - The emergency plan is shared with parents (how, when, how often): _____
 - All staff are trained on the emergency plan (how, when, how often): _____
 - The emergency plan is practiced with staff and children (how, when, how often): _____
 - Plan is shared with: (local emergency managers, fire department or local Red Cross): _____
-

9. REUNIFICATION OF CHILDREN WITH FAMILIES

After an emergency, the program will do the following to assist in reuniting children and their parents: _____

10. RE-OPENING AFTER AN EMERGENCY

Items to consider or actions taken prior to re-opening the program after an emergency include:

- Have a professional inspection of the facility and repair any damage.
- Restore meal service
- Contact the licensing specialist to conduct a review of the facility to ensure all regulations are met.

The plan for re-opening after an emergency includes: _____

**Documentation of Emergency Preparedness Drills
and Staff Training/Review of Plan**
